

FOURTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, OCT. 22, 1903.

No. 43

## CORDIAL INVITATION

Given Kentucky Press Association  
to Meet at St. Louis in  
May, 1904.

SPECIALLY LOW RATES PROMISED  
BY THE EXPOSITION MANAGERS.

It has been in the air since before the Lexington meeting of the Kentucky Press Association that the next annual meeting of that body would be held at St. Louis, next year in honor of the Louisiana Purchase Exposition and the volunteer, popular Kentucky State Exhibit. At the State meeting the idea was presented by Mr. Arthur Y. Ford, President of the Kentucky Exhibit Association and managing editor of the Courier-Journal. The suggestion met with favor on all sides among the newspaper men, all of whom have contributed of their private capital—space and printers' ink mixed with brains—most liberally, and have made possible the success of the movement for a creditable exhibit at the Fair.

Official invitation has now been given the Kentucky Press Association in a letter just received by Paul M. Moore, President of that organization, asking the Kentucky newspaper editors and publishers to meet in St. Louis during the week of May 16th 1904. The inducements offered are particularly attractive in the matter of rates and courtesies.

President David R. Francis, of the World's Fair was given a promise by the Kentucky Press Association at early breakfast on its way to the West, two years ago, that the Fair should receive their support in Kentucky. This promise they have faithfully and handsomely carried out. That President Francis and the press department of the big exposition wish an opportunity to reciprocate the favor is attested in the following letter:

St. Louis, Mo., Oct. 20.  
Hon. PAUL M. MOORE,

Press' Ky. Press Ass'n.

Dear Sirs—  
I am directed by President Francis to extend you through you and the other officers a cordial invitation to the Kentucky Press Association to meet in St. Louis during the week beginning May 16, 1904.

It is planned to have this week known as the World's Press Parliament Week. The Inside Inn, located on the Exposition grounds, with 2500 rooms, will cut its rates one-half for editorial association visitors at this time and other hotels will also give reduced rates. Hall will be provided for your sessions, admission tickets will be furnished and every possible courtesy shown. The National Editorial Association and several state and territorial associations have already voted to meet in St. Louis. Some of the greatest foreign journalists, editors and publishers of the leading newspapers of Europe will be present during the week and participate in the World's Press Parliament. Every effort will be put forth to make the occasion the most notable in newspaper history. I am particularly solicitous that my friends of the Kentucky Press Association should meet in St. Louis and participate in the Press Parliament. Please take the matter up with the proper officials and advise me regarding their decision, which I trust will be favorable.

The Exposition will be in full blast, buildings, exhibits and the Pike, at the time indicated, and May will be the ideal month to visit it.

Sincerely yours,  
WALTER WILLIAMS,  
Gen'l to the Foreign Press.

No paper of standing and influence that we have seen indorse the Tillman verdict. On the contrary criticism of the murderer and the jury is almost universal.

### BALLOT PAPER FOUND.

And We Will Have an Election in Kentucky Next Month.

Frankfort, Ky., Oct. 17.—The paper on which the official ballot will be printed was temporarily lost in transit, but was located at Indianapolis, Ind., last night. It will arrive in Louisville today and be distributed to the county clerks from there by express. The law fixes Monday as the date on which the paper shall be furnished, and it may be a day or so late in the remote counties.

Capt. Ewen Goss on the Lecture Platform.

Lexington, Ky., Oct. 17.—B. J. Ewen, the star witness for the Commonwealth in the case of Jett and White for the assassination of James B. Marcus at Jackson last May, has prepared to start on a lecturing tour of the North and West, opening in Ohio at some point next Wednesday. An average representative, with posters of Breathitt county and Jackson, showing the places where the different assassinations took place, has been sent ahead to bill the different towns where lectures will be given. Mr. Ewen will deliver about 150 lectures on the present tour.

### SUES INSURANCE COMPANY.

Mr. W. A. Nisbet Says He Has Paid Excessive Premiums.

Madisonville, Ky., Oct. 17.—Mr. W. A. Nisbet, of this city, has filed a suit in Louisville to enjoin the annulling of a policy of insurance in the Mutual Reserve Fund Life Association. In the petition he alleges that his policy guarantees that the maximum shall be \$30.20 per year, but for several years he has been paying nearly \$90.

He asks that the courts prevent the canceling of the policy for failure to pay this premium, and also asks that he be given judgment for amounts paid in excess of the contract premiums.

### Time for Typhoid.

This is the season of the year when typhoid fever, the most dreaded and deadly of all diseases, is rampant. Look at the water supply; see that sanitary conditions are perfect. Typhoid fever is a fifth disease, and can not live where perfect cleanliness of premises and purity of water supply prevail. God's greatest blessing to mankind is health. Fifth is always excusable; when it brings death to loved ones it is a crime.

### Wealthy Kentuckian Follows Dowdism.

Danville, Ky., Oct. 17.—Thomas Metcalfe, converted to Dowdism, has disposed of his vast estates in this and Lincoln counties, and will leave next week for New York to join the reputed Elijah 11. in his crusade against vice in the metropolis. Later he will return with the Host to Zion City, where he expects to make his abode. Mr. Metcalfe is one of the wealthiest men in Central Kentucky, and is a substantial citizen in other respects.

### Pa's Opinion.

Little Willie—Say, pa, this paper tells about a man who paraded his misfortunes. How can a man do that?

Pa—Well, he might do it by escorting his wife, her mother and her two maiden sisters to church, my son.

The postmasters will please devise some plan by which the man who "is sure there must be a letter in the office" for him can always be supplied with the letter he wants.

## CONFESSES TO PERJURY.

Conspiracy Shown to Extort Money From Large Contractors by Labor Union Agent.

### PROMINENT ATTORNEY IS INVOLVED.

New York, October 17.—Henry Farley, a walking delegate, who is waiting trial on an indictment for perjury, committed in testimony he gave during the trial of Samuel Parks, is said to have made a startling confession.

Numerous cases are enumerated in his statement of walking delegates in this city and surrounding towns having successfully conspired to extort money from contractors and builders to avoid strikes or have them called off. The cases are related in minute detail. Farley asserts that in one instance \$50,000 was procured from W. E. D. Stockes to stop interference with the building of the Ansonia hotel, at Seventy-third street and Broadway.

The confession was made to District Attorney Jerome in the presence of several assistants. Its telling occupied many hours. Farley asserts that the perjury with which he is charged was committed at the instance of a prominent lawyer. It consisted in his swearing that Parks and he did not meet at any time on a day during which the prosecution had asserted that Parks received \$200 from a Brooklyn contractor to avoid a strike. Farley admits, it is said, that the money was given in his presence, first in the form of a check, which was refused, and later in cash.

Farley was indicted after the Parks trial and remained for some weeks in prison, while his wife suffered from lack of the necessities of life. He was released on bail after the return of Parks from the Kansas City convention, and through an understanding with the district attorney's office his trial on the perjury charge has been postponed until the next term of court. He said his confession was given purely to relieve his conscience and was only accepted by the district attorney in that spirit.

He succeeded in rolling off the track just as the wheels of the following coach grazed his shoulder.

### Killed Two Men in Two Weeks.

Paducah, Ky., Oct. 19.—Will Nutty, aged twenty-five, a horse jockey, of New Columbia, Ill., was shot and killed over the Stag saloon as the result of a "cray" game about 12 o'clock last night by Willis Mount, a former saloon-keeper, who was a resident of Paducah, but recently had a saloon at Eddyville, Lyon county.

Mount shot Nutty first in the mouth and then in the back. He attempted to fight others, but was arrested and locked up.

This is the second man Mount

has killed within the past two weeks, the other being Will Jackson, colored, whom he shot twice

in a saloon and for whose killing he was exonerated. The inquest will be held this afternoon.

No reason is known for the killing of Nutty. It is said a word passed between them.

### H. S. Canfield Commits Suicide.

Chicago, Oct. 19.—H. S. Canfield, writer and newspaper man, committed suicide last night at the West Chicago Sanitarium by cutting his throat with a razor while temporarily insane. Mr. Canfield was taken to the sanitarium Thursday evening.

### Mr. Barnhill, Secretary.

At the seventh annual convention of the Kentucky Division, Daughters of the Confederacy, held at Owensboro last week, Mrs. W. J. Barnhill, of Madisonville, was chosen second vice president. Mrs. Basil W. Duke, of Louisville, is president. The next meeting will be held at Paducah.

### MRS. TURNER E. RUBY.

Funeral at Madisonville Saturday. Lovable Woman's Sad Death.

The death of Mrs. Turner E. Ruby, wife of Mr. Turner E. Ruby, of Madisonville, has been expected and occurred at Georgetown Thursday of last week, at the home of her mother. It was a pathetic death of a loving young wife and a sad blow to the bereft husband, to whom goes out great and general sympathy of his many friends in Hopkins county and elsewhere. A little girl is left to brighten the pathway of the father.

Funeral services at the family residence in Madisonville were conducted Saturday afternoon by Rev. S. F. Fowler and the interment at Odd Fellows' cemetery followed. The love of many friends was attested by the numerous beautiful floral offerings and by their presence.

### COL POWERS HURT.

Louisville Banker Slightly Injured at Reno, Nev., in Railroad Accident.

Reno, Nev., Oct. 18.—Col. J. D. Powers, of Louisville, President of the United States Trust Company, was injured yesterday in Reno. The special train in which he and a number of other bankers were traveling, on their way to San Francisco, to attend the bankers' convention, broke in two just in front of the depot.

Col. Powers was stepping from one coach to the other, and fell between the cars. He retained his presence of mind, and though a portly and elderly man, succeeded in rolling off the track just as the wheels of the following coach grazed his shoulder.

## CARLETON ELLINGTON

Meets Instant Death Under Wheels  
of an Engine in Railroad  
Yards at This Place.

HAD ONLY BEEN HERE AN HOUR.

Carl Ellington, a young man apparently 28 or 30 years old, from Chattanooga, arrived in Earlington on No. 52 last Thursday, supposedly looking for work. He went down in the railroad yards to look the situation over and was walking up the track with Foreman of water power Kinny when an engine backed up from the coal tipple ran over him, killing him instantly. Mr. Kinny jumped from the track just in time to save himself, and it is supposed Ellington was looking at a train coming from the South and did not hear the warning from the engine behind him in time to escape. Ellington's people resided in Chattanooga, and his remains were shipped to that place for burial. The unfortunate man had not been here quite an hour when he met his death.

### DECIDED TRIUMPH FOR L. & N.

Has Been Assessed too High by State Board. Federal Court so Holds.

The decision handed down Tuesday in the United States Circuit Court in Cincinnati is a decided triumph for the Louisville & Nashville railroad. The question involved was one of assessment of the L. & N. properties in the State of Kentucky, the claim of the railroad company being that as individuals they were only taxed upon an assessment based on \$80 per cent. of the property involved, and the railroad was taxed to the full extent of its property, the assessment constituted discrimination, as prohibited in the fourteenth amendment of the Federal Constitution, which guarantees equality to all citizens.

The court reached the conclusion that the Louisville and Nashville property in Kentucky was of the value of \$33,788,724.50. This valuation was arrived at by taking the total net receipts on the whole system and capitalizing it at 6 per cent., then taking 20 per cent. as Kentucky's proportion, based on the mileage owned, operated, leased, or controlled in and out of the State of Kentucky.

In this connection the court held that where one corporation owns a majority of stock in another corporation, with the powers incident to that holding, such, for example, as the election of a Board of Directors, it controls the corporation within the meaning of the statute.

In this opinion the court allowed the lower decision in the Northern Securities case.

### Lucien Earle's Son Dies of Appendicitis.

The sad news of the death of Lucien H. Earle, son of Judge Lucien Earle, of Los Angeles, Cal., formerly of Madisonville, has been received by relatives at the latter place. The young man was fifteen years old and is said to have possessed many of the traits of character which have blessed his father and grandfather before him. Death was caused by appendicitis.

One which should restrain the Turk and Bulgarian from war is that no matter who wins neither will have much to say about the terms of peace. The "uninterested" powers will attend to that.

### GONE HOME.

Mrs. Mary Welch Dies From a Paralytic Stroke Wednesday.

Mrs. Mary Welch, aged 73, mother of Mrs. L. H. O'Brien of this city, died at the residence of her son, L. H. O'Brien, at 7 o'clock yesterday morning. Mrs. Welch had been in ill health for some time from a paralytic stroke but had partially recovered from its effects and until a short time ago was thought to be slightly better. Wednesday morning about 3 o'clock the attack was renewed and she died at 7. Mrs. Welch was born in Christian county in 1830 and lived the most of her life in Hopkinsville. She was a devout member of the Catholic church and a good Christian woman. She leaves one child, Mrs. L. H. O'Brien, who has the sympathy of his numerous friends in her bereavement. Funeral services were conducted at the Catholic church by Rev. Father Coenen after which the remains were conveyed to Hopkinsville and interred by the side of her husband who died many years ago.

### Advertising.

Advertising is an art, and it pays to advertise all the time. Of course there are times when advertising pays better than others, but the secret of successful advertising is to keep your business constantly before the public, telling them in as few words as possible what you do. As a rule people do not like lengthy advertisements unless they are really attractive. Space is the main object. It is better and more profitable to use sixty inches in saying ten words than to use ten inches to say sixty words. There is nothing that catches the people and holds their attention like originality in advertising. Consequently if you would make advertising a profitable investment.

### "Peck's Bad Boy."

While there were some redeeming features in this play they were few and far between. Some of the specialties were good. For instance, the gentleman who played two cormorants simultaneously and the rubbers danced out of a window with a "Saw-Board." Some of the songs were vulgar and suggestive, and we do not think this play would tend to elevate the morals to any marked degree. "Peck's Bad Boy" would do very well for "Cook's Park" and other beer gardens, but it did not suit the refined and cultured people of Earlington.

### Stanley-Curtis.

Mr. Horace Stanley and Miss Nellie Curtis of this city eloped to Nashville, Tenn., last Monday morning where they were quietly married. The groom is an employee of the St. Bernard Mining Co., and is an industrious young man. The bride is a well known young lady of this city.

### Will Board at Eddyville.

Sheriff W. E. Ashby passed through Saturday with McNary Hayes, Ed Moore, Chas. Caldwell and Robert McCombs, all colored, who were sent to the pen at the pen at the last term of court for house-breaking. All of them were given a term of two years, except McCombs, who was given three.

The new wall paper is here and the decorators have been engaged to put it on in approved fashion.

**Cranks.**  
All the politicians tell us, and of course they ought to know, that the cause of Prohibition hasn't got the slightest show. We can never win the battle, even if our cause is right. And that no one but a crank would think of keeping up the fight.

**CHORUS:**

To be real crank, I'd rather be a crank, And stand right square on the Prohibition plank, Than to be in the rank of the blankety, blank, blank, Who votes the self-same ticket as the mountebank.

We are very visionary and impractical, they say. Since we can not see as they see, and accept their better way, We would cease our agitation, and accept what we could get. If we were not as they say we are, a foolish, cranky set.

**Chorus.**

If we only had a grain of sense and took them at their word, We would not become a laughing stock, make ourselves absurd. We would whoop it up for tariff, or for silver, or for gold, Or for anything but temperance—at least, so we are told.

**Chorus.**

Well, perhaps they may be right—and then again, they may be wrong. And perhaps we are a set of cranks, this conflict to prolong. But until this mighty question has been settled in the right, We propose to still continue cranks, and carry on the fight.

**Chorus.**

—Chas. M. Fillmore.

The fifty-sixth annual meeting of

candidates have been elected on the straight Prohibition ticket during the last three years.

**A Remarkable Record.**

Company E of the Fifty-first Iowa Volunteer Infantry in the Spanish war was mustered in at the beginning of the war, was in camp for three days at Des Moines, six months at San Francisco, and was then sent to active service in the Philippines.

From the twelfth day of November, 1898, until the twenty-second day of September, 1899, it was in service in the islands, first in Iloilo and then in Cavite. It did outpost duty at Cavite, San Roque, Manila and Manolos, took part in seventeen engagements, and returned to San Francisco without losing a man.

Is not this a remarkable record? Let us see if it can be explained. One Sunday after the company had been organized it attended the First Presbyterian Church in Des Moines, Iowa, at Shenandoah, Iowa, in a body. The pastor delivered a most earnest address. An opportunity was given for those who would do so to sign the total abstinence pledge. Every man in the company signed it and every man kept it. The dives of Des Moines were made none the richer by money from this company.

The saloons outside of the Presidio made no difference to them. Their blood was clean and the plague and the cholera and the dampness and heat of the Philippines made no difference to them.

What can we ask of these men and their talk about the advantages to be gained by guzzling beer? If the government only had an entire army with such an admirable physique, wouldn't it be glorious?

**Great Opportunity**

Afforded the prospector, home seeker or tourist, account of the very low cost of living in Madisonville, and to points in Arkansas, Texas, Indiana and Oklahoma Territories, Missouri, Kansas, Nebraska, Colorado and the West.

Many of our bishops, east, west and north and south, pledge all the children of the annual confirmation classes. All this augurs well for the future of the great temperance fight that is now on. Let us not find fault with one another, but let us give comfort and aid in the cause whenever possible. Let us come nearer to one another, for this union alone will give us the strength needed in the great battle for souls, for Christ and for our country.

It doesn't pay to fool with Uncle Sam. In Tennessee a culprit, who tore down a rural delivery mail box, was given a year and twelve days in the penitentiary. Of course he was tried in the United States Court.

The sympathy of the entire Kentucky Press goes out to Editor Sutton, of the Owensboro Inquirer, in the loss of his estimable wife, who died Saturday after a long illness. The Bee joins in sincere condolence.

The people of Kentucky have this year a weighty duty to perform. They must elect a circuit judge from each of the thirty districts in the state. It is a more important question, what sort of men shall preside in our courts, than who shall be Governor of all the people. Let us hope that good candidates have generally been chosen and that the voters will elect only the best men to these high offices.

There is hope yet that we are traveling toward the millennium. Lawyers have begun in spots a threatening to purge the bar of some of the most villainous of the multitude of shysters. In New York disbarment proceedings are promised against a "prominent" attorney who is said to have prompted a walking delegate to perjury in the trial of the labor brigand, Samuel Parks. In Denver the Colorado bar association are planning a crusade against the "quick divorce" attorneys of Colorado, to put them out of business.

In an evil moment John Alexander Dowie, Jr., son of the Reformer, applied the epithet of "d—d fool" to a player in his Zion City baseball nine who made a silly play. "Elijah of Zion" was summoned and gave the young man chastisement before the public throng. The New York people at Dowie's opening Madison Square performance have labeled him as his son did the baseball player, but they thought he and not they required chastisement and proceeded to administer it themselves publicly. About four thousand people walked out of the place while Dowie shouted to his guards to shut them in.

We don't know why, but the Hustler says in its last issue:

We want your old rags, such as old dresses, undershirt, etc. Will pay you what is right for them.

We desire to assist our brother publishers in whatsoever way we may and take pleasure in reproducing the above notice in order that both they and our readers may be benefited. The publishers of the Hustler are gentlemen of their word and we assure The Bee's readers that the Hustler will give full value received for all they may buy. To our own mind the offer is most timely. The publisher of The Bee is preparing to move into a new home to take up anew the duties of householder. And at moving time it is good to have an opportunity to dispose of a few old things. We warn our readers that we are making up a bundle and shall be on the market. They had better act early.

Some people have an idea that everything that happens should be published in a newspaper provided it does not concern them. This is a mistake. There are a great many things an editor hears and sees that he says nothing about. There are matters that are a great deal better for not being published to the world. It is not the purpose of The Bee to cause unnecessary heart aches or tears, but rather to do all the good it can. A newspaper should always publish the news when it is news, but no newspaper should wilfully emphasize the misfortunes or faults of an unfortunate being.

This will interest May.

## A THOUGHT FOR THE WEEK.

Some business men say, "I know that advertising is all right and makes business, but I can't afford it. It's too expensive." A progressive business man cannot afford to be without it. A small advertising, costing from \$50 to \$100 per month will sell several times as many goods as the salesman who draws such a salary. As an experiment, take the same amount you pay your best salesman and put it into good common sense advertising for three months. That money if spent with The Bee will give your store news to many thousand people who have money to spend every week and tell them why they should visit your store or use your goods.

Don't be afraid to try it. Look at the most successful men in this country. They tried it and won.

**SPECIAL RAILROAD EDITION.**

The Bee Will Issue Illustrated Number  
Devoted to Henderson Division  
L. N. & N.

INTERESTING HISTORIC DATA WILL

BE PUBLISHED FOR FIRST TIME.

THE BEE'S SPECIAL RAILROAD EDITION will be one of the best railroad papers ever issued in Kentucky. In addition to the personal write-ups of the railmen and their half-tone cuts, it will contain views of important railroad buildings along the line, such as the new passenger station at Evansville, the round-houses at Howell and Earlinton, the depot at Earlinton and other places and views of passenger and freight trains. A complete history of the Henderson Division from the time of its organization to the present time, the changes it has undergone and a great deal of interesting railroad data will be given in this edition.

A great many of the men on the division have already subscribed for copies of the special railroad edition and others are subscribing every day. We wish to make this a thoroughly creditable special edition of THE BEE and want the cooperation of every railroad man in the Henderson Division. It is got up in their interest and benefit, and consequently should receive their liberal patronage.

W. F. Sheridan, our recent train master said he had to go to Mexico for the first time in his life, and during his stay was continually pressuring, and the day of the meeting, and for the return journey from Chicago only, on the day of the meeting, and the four days immediately preceding, when properly countersigned and stamped during business hours—that is to say, between 9:00 A. M. and 5:00 P. M. in each direction. Secretary, Mr. W. G. BRUEN, in Chicago. Such ticket may be obtained by any holder of stock registered at the books in writing, to the President of the Company in Chicago. Each application must state the full name and address of the stockholder, as well as in his or her certificate of stock, together with the number and date of such certificate. No more than one person will be allowed to have a ticket, unless holding of stock as registered on the books of the Company.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. It can only be cured by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a resulting soreness of the ear, hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken care of, this tube, returning to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing more than an inflamed condition of the mucous services.

## Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities will be surprised at the success of Chamberlain's Cough Remedy. It not only cures colds and grip effectively and permanently, but prevents them. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and eliminate all of the waste food that the body cannot use and is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or camphor, and the substance may be given as confidently to a baby as to an adult. It is also pleasant to take. When all other remedies fail, it is well to take it.

## FT. LEAVENWORTH PRISON MUTINY

The Five Leaders Charged with Killing Guard Waldrup Found Guilty of Murder.

THEY WILL EACH BE SENTENCED TO IMPRISONMENT FOR LIFE.

The Principal Point Offered in Their Defense Was That They Were Cruelly Treated, and Preferred to Face Death in an Attempt to Escape Than Endure Torture.

Leavenworth, Kas., Oct. 17.—All five leaders of the Fort Leavenworth prison mutiny of November, 1901, charged with killing Guard Waldrup, were found guilty of murder by a jury in the United States circuit court here, Friday morning, without capital punishment, and will be given life sentences. The prisoners are Gilbert Mullins, Turner Barnes, Frank Thompson, Fred Robinson, and Robert Clark, all Negro men. Mullins and Robinson had practically finished their terms at the time of the outbreak, and the others were short term men.

All are from Indian territory. The defense set up the plea that the prisoners in the federal prison are cruelly treated, and that they who took part in the mutiny preferred to make rather than remain and endure torture. Attorneys for the United States introduced evidence to the effect that the prisoners are given improper treatment at the hands of the penitentiary officials. Gilbert Mullins, several months ago, escaped from the jail at Junction City, to which institution he had been transferred, and on Oct. 23 he and four others escaped after a fierce fight with the guards, during which one guard, Waldrup, was killed, and several of the convicts were shot. All but one of the convicts were finally captured, and the remaining one was shot in the pursuit with posse.

In his instructions to the jury, Judge Biner said that the fact that the men were felons undergoing punishment for crime should count nothing for or against them in determining the weight of their evidence.

When the monster was harpooned it started thrashing about, and the crew of 16 men, after an hour, though the engines were reversed full speed, which, under ordinary conditions would mean a retrograde movement of about eight miles. This continued for hours, the ship, as the whale flew off in zigzag courses, the crew being exposed to the water, the sea washing the decks. Several times the captain was on the point of cutting the cable but the windless held the cable and the whale finally gave up the struggle.

## MINING NOTES.

The Yellow Creek Coal & Lumber Company of Middlesboro, Ky., has purchased and will develop 20,000 acres of coal lands in several mountain counties of the State.

J. E. Cloren of the No. 11 mine has resigned his position and moved to Nashville, Tenn., where he will engage in business.

In making her general mining exhibit at the World's Fair, Virginia will erect a house entirely from stone mined within the State's borders. In addition to the building, there will be another classified exhibit embracing all minerals and precious stones abounding in the State. The cost of the materials and construction of the building is estimated at \$100,000.

The Columbia mine in Crittenden county is working to the full capacity of its concentrating plant and is turning out some four tons of high grade zinc blend and one ton of lead per day. The weekly output will amount to \$1,100 or at the rate of \$57,000 per annum.

The road for the new motor in the No. 9 mine which is being laid by Mr. George Miller and crew is nearing completion and it is expected that it will be ready for use in a few weeks.

A movement is on foot among capitalists in New York and Philadelphia to consolidate all coal companies in central West Virginia into one gigantic combine, with a capital of \$50,000,000.

Four hundred and forty thousand acres of high grade bituminous coal lands in Indian Territory will be sold at auction by the federal government within the next two years. These lands now belong to the Choctaw and Chickasaw Indians. Experience has proved that the coal vein averages four feet in thickness, or 4,000 feet to the acre.

The production of anthracite coal in September was 4,654,444 tons. This compares with the average monthly production of the previous eight months of 5,304,000 or a loss of twelve percent.

Bennie Cox, a driver in the Sebore Coal Company mines, got his arm caught between a car and the wall of an entry one day last week and broke both bones of his arm between the wrist and the elbow. He received prompt medical attention and the injured limb is doing as well as could be expected.

Mrs. Plumer, of Cordova, Iowa, says: "One of my children was subjected to a severe type of cough remedy promptly, always brought relief. Many mothers in this neighborhood are subject to this remedy and no other kind for their children."

## COMMERCIAL DEPRESSION.

Hard Times Ahead in the Commercial Centers—The South and West Sound.

James Creelman, the well known newspaper correspondent and noted seer, with prophetic vision, quotes an unnamed captain of finance and trade as follows:

Not a captain of speculation, but a great financier, one of the foremost men of the continent—a man whose name would be instantly recognized throughout the world for its commanding authority in the financial and commercial affairs of America—said to me yesterday:

"You ask me whether the worst stage in the present commercial depression has been reached. I can scarcely trust myself to answer, for, if I speak at all, I must speak the truth as I know it. The fact is that we are at the very beginning of industrial hard times. This country will sweat blood before many months, and before the year is over it is likely that hundreds of thousands of men who are now employed will be idle. We are only catching glimpses of the steep part of the down grade. Before we get to the bottom the country will know what industrial agony is."

"The great West and a large portion of the South is sound. Wherever people are engaged in agriculture, wherever they are looking to the soil for their living, all is well, for nature has been generous and there is always a market for grain, provisions and cotton abroad. The farmer of the West and South need have no fear, save those who have been speculating in stocks. Domestic conditions cannot ruin them for, I repeat, the people of Europe must eat and wear clothes and the most important market for our agricultural products is abroad."

"But people have been crowding more and more into our Eastern cities. The industrial centers are overgrown. We are manufacturing more than we can sell. Gigantic industrial corporations are beginning to realize that they cannot pay dividends on hundreds of stocks that represent nothing but wind."

"What are the facts? The great railways of the country have been the chief customers of the Eastern industries. They have spent hundreds of millions of dollars in improvements in the past few years. The railroads are through ordering. Where are the new customers to come from?"

"Wages must be lowered and mills must be shut down. It is only the fear of speculative consequences in Wall street that prevents prompt action now."

"I tell you that the reconstruction, extension and improvement of the railway systems of the country have been the backbone of the industrial prosperity which has led to the inflation of securities in Wall street to hundreds of millions of dollars beyond their value. The railway systems have got through; they have anticipated business for many years. It is a crime to deceive the country any longer with false hopes of returning industrial prosperity."

"The only door of relief must be cut right through the tariff. By that door alone can we reach the markets necessary to support our overgrown industries. Before this time next year the country will have suffered enough to put it in a thinking condition. Dark days are at hand for the 'standpatters' for the real situation can no longer be concealed."

### A House Small but Artistic.

Can a house of moderate cost meet more than the practical needs of the day? This question is answered in a convincing affirmative by the house which is described and pictured in the November Delinicator. In spite of the limitations prescribed by economy, this house possesses a distinctive charm and refinement, in addition to the usual conveniences and comforts of the modern home. The interior finishing contributes much of originality, and the furnishings are artistic, while in certain portions of the house, to further the ends of economy, house-wifely ingenuity has evolved some unique features. The illustrations of interior and exterior will be suggestive to home builders.

## BRAVE OPERATOR

Saves a Train—Threatened With Death by Bandits He Crawled to Instrument

### AND TELEGRAPHS A WARNING.

Butte, Mont., Oct. 17.—At an early hour this morning two masked mounted men rode up to the little station at Welsh's Spur, 20 miles east of this city, on the Northern Pacific, and covering the operator with their revolvers, drove him inside his office and locked him in. They turned the signal lights off so as to stop the North Coast limited, which was due in an hour.

The operator, F. K. Law, a boy of 20, threatened with death if he moved, crawled on his hands and knees to the telegraph keys, and, reaching from under the table, wired the operator at Homestead to tell the engineer of the North Coast not to stop, as the bandits meant to hold up the train in Welsh's Spur. The train went through the latter place at 40 miles an hour and the bandits then rode off. A posse took the trail at daylight.

In Memory of the Late James Tobin, the Following Lines are Written.

In Memory of James Tobin: Died September 29, 1903. Aurelia Tobin, Died October 2, 1908, of Bowling Green, Kentucky.

Tuesday, September 29, 1908, at 7:30 o'clock, the Death Angel visited the home of Mr. and Mrs. T. H. Tobin, and called to rest one of its brightest inmates, Little James, aged thirteen.

He died of scarlet fever, was taken sick Sunday, September 20. He suffered intensely, but bore his suffering nobly. He was such a bright and pleasant child and made friends everywhere. Many will miss his bright and cheerful face as he was kind to all alike; the poor, the aged all with whom he came in contact had a pleasant word.

Precious boy, he has left us.

Left us, yes, forevermore;

But we, to meet our loved one

On that bright and golden shore.

Lonely the house and sad the hours

Since our dear one has gone;

But oh! a brighter home than ours

In Heaven is now his own.

Friday, October 2, the Angel of Death again visited this home and this time Aurelia, the second daughter, the joy of all who knew her, was called to her Heavenly home.

She was fifteen years old last August, and should she have lived until next June she would have graduated.

She was a talented musician even at this early date.

At Louisville the Central Labor union, instead of realizing money for its building fund for a labor temple, on account of the carnival given last month, came out in debt about \$500.
